

Highmark Inc. Partnership FAQs

Who is PrescribeWellness partnering with?

Highmark Inc., a health plan based primarily in Pennsylvania.

Why is PrescribeWellness partnering with Highmark Inc.?

Our partnership with Highmark Inc. will bring new payment opportunities to our pharmacies. Our pharmacies will get paid for improving adherence measures on three disease state medications - diabetes, hyperlipidemia and hypertension - as well as each successful diabetic patient placed on a statin therapy.

When does the Highmark program start?

The Highmark program has already started. We have notified eligible pharmacies.

What's our method of outreach?

We will be conducting webinars and a recording will be available on university. If you would like additional training, please contact our Client Support team.

How much does it cost to participate?

It's free! We're simply bringing additional payment models to your pharmacy.

How are my efforts graded?

At the beginning of 2019, a third party will analyze the change in patient measures. PrescribeWellness will disperse reimbursements in Q2 of 2019 to your pharmacy.

How do I identify the Highmark Patients?

- 1) In the Patient Engagement Center, click on the **PrescribeCare** tab at the top of the screen.
- 2) Click on the **Filters** button and select the **Plan** tab.
- 3) Select **Highmark** from the 'Any Program' filter option. These patients are Highmark members with one or more of the following disease states: diabetes, hypertension, or hyperlipidemia.

What resources are available for my pharmacy?
