

# StarWellness

## Calendar Event Terminology

### Short Fills

Short fills icon indicates that a short fill is needed to get your patient to their sync date. Click on the short fill icon and fill the highlighted amount for shortened days' supply. Once you have completed this short fill, contact patient to pick up medication.

### Full Fills

Full fills icon indicates that a regular days' supply fill is needed to get your patient to the sync date. Fill the highlighted amount from the days' supply (DS) column. Contact patient to pick up medication.

### Sync Fills

Sync fills icon will show up 5 days prior to your sync date. Check to see if you have refills remaining, and that you can fill all highlighted medications. Fill medications and have them ready for your patients' sync pickup dates.

### Sync Pickups

Sync pickups icon indicates that you should confirm that your patient has come in to get their medications by this date. If not, edit the sync date and update to the day patient does come in to pick up their medications.
